

# Gower Access Path

## Feedback from public consultation on 1 July 2019.

Ruth Cronin (West Cross end) Would be good to venture further from West Cross without going in the car with children

Sarah Falconer Delighted to see the plans!

Polly Gordon. Strongly support the develop of this safe cycle/pedestrian route however I would like to see either a green strip or aesthetically pleasing fencing to ensure the route is family/young friendly Thanks!!

Wolf Dettmer Northway I strongly support this project. It will make such a difference to cyclists, local children and elderly locals. I would very much prefer a 2m wide grass strip between the road and the intended pavement/cycle path.

Sean Pinnips - VERY VERY MUST KNOW ONE - AS SOMEONE WHO HAS DRIVEN A SAFE CAR TO WORK WHICH IS TOWING THE DISTANCE AND TRUCKS TO BE AS WORST. MIGHTS COME TO PASSAGE SO MANY DRIVERS TO CYCLISTS AND WALKERS. THANK YOU SO MUCH.....

K. Harrison much needed please go ahead as soon as possible

J. Jones - This is a very much needed cycle + footpath + will be greatly used.

Sarah Brown. excellent plan. very needed + hopefully goes ahead soon.

K. Harrison. long overdue infrastructure to connect Gower to Mayals and Swansea. A safe path for walkers, cyclists + residents. will be greatly used and an extremely positive for the community.

P.O'CONNOR (BISHOPSTON RESIDENT.) S. Pinnips. Excellent proposal, very supportive Long Overdue Safety For Soften Pupils, walkers & horses 10/10.
