15 November 2022

Dear Rebecca,

Thank you for your email of 23 October highlighting the comments provided by your constituent, Mr John Sayce of Wheelrights, Swansea Bay's Cycling campaign, in response to the recent consultation on the National Transport Delivery Plan (NTDP).

Your constituent raises a number of important issues and I would like to thank him for taking the time to consider and respond to the consultation. My officials have confirmed that his response was received on 10 October and will be carefully considered alongside all other responses in developing the final version of the document.

The NTDP is the document which states how we will deliver the priorities and objectives laid out in the Wales Transport Strategy. This plan shows how we will better integrate journeys across different modes of transport, provide better more reliable and attractive public transport services, make tickets less complicated, and ensure people feel safe whilst travelling.

Our priorities for this five year delivery plan are:

- to bring services to people in order to reduce the need for people to use their cars on a daily basis. This will involve planning ahead for better physical and digital connectivity, more accessible services, more home and remote working and more active travel.
- to allow people and goods to move easily from door to door by accessible, sustainable and efficient transport services and infrastructure. We will do this by investing in low carbon, accessible, efficient and sustainable services and infrastructure that enable more people to walk, cycle and use public transport, and low emissions vehicles.
- to encourage a shift to sustainable transport and to make using public and active travel the easy thing to do.

[Correspondence.Lee.Waters@gov.wales](mailto:Correspondence.Lee.Waters@gov.wales)

Rydym yn croesawu derbyn gohebiaeth yn Gymraeg. Byddwn yn ateb gohebiaeth a dderbynnir yn Gymraeg yn Gymraeg ac ni fydd gohebu yn Gymraeg yn arwain at oedi.

We welcome receiving correspondence in Welsh. Any correspondence received in Welsh will be answered in Welsh and corresponding in Welsh will not lead to a delay in responding.

Our plan recognises that delivery needs to be different in different places and is designed so that solutions can be tailored to support our rural communities as well as the more urban areas of Wales. As well as working together on a more integrated approach to transport planning and delivery in Wales, we are supporting individual transport modes and sectors to help them deliver against our wider vision, ambitions and priorities for transport in Wales.

Thank you again for highlighting your constituent's comments. If you or your constituent have any further queries, please get in touch and my officials will be happy to try and assist.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Lee'.
