

Easter Bunny Hop ride: Adda's account.

We rode down from Sketty, we stopped at Blackpill. Then we went to Clydach. We went along the front to start with. I liked going on the mtb track. But it was very windy and it blew sand in our eyes which my sister (Miri) didn't like and she cried a bit.

My dad got a puncture, so my brother (Kenzie, age 16.) rode with me behind the 83-year-old rabbit (Daddy thought he looked like an Old English Spot rabbit!) and helped me on the ride because daddy had to fix his puncture and mummy (and Miri) stayed with him to supervise. And daddy was using mummy's tools. But they didn't catch up with us until we were AT CLYDACH! Which was annoying because they had all the sweets and the lunch. I think Kenzie was happy because he saw his friends at Clydach. And we saw grandma and grandad and Bruno the dog. Grandad didn't do the ride with us this time because he's got a bad leg because the nurse took a big chunk out of it! Riding back was hard but I was happy because mummy and daddy were there. I wasn't sad that I didn't have a costume this time because they make me hot. If you do a summer ride it should be beach themed so people could dress up as sharks, seagulls, crabs, ice creams, sandcastles and buckets and spades. I give the hills 8/10, some were very steep but none were very difficult. This whole ride was 10/10! But it would have been better if daddy hadn't got a puncture so mummy and the sweets would have ridden next to us the whole way and I could have had lunch earlier.

And in Welsh:

Adda (age 7)

Wnaethon ni reidio o Sgeti, ac wnaethon ni aros a Blackpill. Yno, aethon ni i Clydach. Aethon ni ar hyd y 'front' i ddechrau. Hoffais i fynd ar y trac beic mynydd. Ond roedd hi'n wyntog iawn a roedd hi'n chwythu tawod yn ein llygaid ni, a roedd fy chwaer yn drist. Fe gaffodd fy nhad puncture, felly mae fy mrawd (Kenzie, 16 oed) wedi reidio gyda fi, tu ol y cwningen 83 oed (roedd dadi meddwl e bod e'n edrych fel cwningen 'old English spot!'), a roedd e'n helpu fi ar y reid achos roedd rhaid i dadi trwsio ei 'puncture' a roedd mam (a Miri) yn aros gyda fe i oruchwyllo. A roedd dadi yn defnyddio offer mam. Ond dydy nhw ddim wedi dal i fyny gyda ni TAN CLYDACH!! Roedd hyn yn bliuo achos roedd y losin a'r holl ginio gyda nhw. Dw i'n meddwl bod Kenzie yn hapus achos gwelodd ei ffrindiau yn Clydach. Wnaethon ni gwrrd a nain a thaid a Bruno y ci yn Clydach hefyd. Dydy taid ddim wedi reidio gyda ni y tro 'ma achos mae goes dost gyda fe ar ol meddy wedi cymryd lwmp mawr o'i goes □. Roedd y reid yn nol yn anodd ond ro'n i'n hapus achos bod mam a dadi yno. Nes i ddim teimlo yn drist achos doedd dim costiwm gyda fi - maen nwh'n gwneud i mi deimlo'n boeth. Os bydd reid haf, dylai fod thema traeth gan y gallai pobl yn wisgo i fyny fel siarc, gwlanod, cranc, hufen ia, castell tawod a bwced a rhaw. Dw i'n roi i'r bryniau 8/10, achos roedd rhai yn serth iawn ond doedd dim un yn anodd iawn. Roedd yr holl reid yn 10/10 ond byddai wedi gwella os doedd dim puncture gyda dadi felly gallai mam a'r losin fod wedi reidio gyda ni y holl fwrdd a gallwn i fod wedi cael cinio yn gynharach.
